

Investigaciones recientes relacionadas a la avifauna mesoamericana

- Chavarría-Duriaux, Liliana y Andrew C. Valley . 2017. Preliminary list of the birds of Parque Nacional Saslaya, Reserva de Biosfera Bosawás, Nicaragua. *Cotinga* 39: 63-77.
- Freeman, Benjamin G., Graham A. Montgomery, Dolph Schluter. 2017. Evolution and plasticity: Divergence of song discrimination is faster in birds with innate song than in song learners in Neotropical passerine birds. *Evolution* 71(9):2230-2242. [Yucatan, Honduras, Nicaragua]
- Greeney, Harold F. y Juan Diego Vargas-Jiménez 2017. First description of the nest and nestlings of the Thicket Antpitta (*Hylopezus dives*). *Ornitología Neotropical* 28: 181-185. [Costa Rica]
- Haffey, William, Michael De Lea y Brian Walker. 2017. Observations of birds feeding on the fruit of a successional tree, *Topobea multiflora*, in southwestern Costa Rica. *Ornitología Neotropical* 28: 209-212.
- Quiñónez-Guzmán, Juan M., Fernando González-García, Ana José Cobar-Carranza, and Miguel Angel Martínez-Morales. 2017. Densidad poblacional e historia natural del Pavo de Cacho (*Oreophasis derbianus*) en la Reserva de Biosfera Sierra de las Minas, Guatemala. *Ornitología Neotropical* 28: 155-162.
- Snow, Samuel S., Luis Sandoval y Harold F. Greeney. 2017. The Nest and Eggs of the Rufous Mourner (*Rhytipterna h. holerythra*). *The Wilson Journal of Ornithology* 129: (3):626-630. [Costa Rica]
- Stein, Adam C., Kyle Elliot, Mélanie F. Guigueno y Victoria Kalinina. 2017. Status of the Three-Wattled Bellbird (*Procnias tricarunculatus*) in the Nicoya Mountains, Costa Rica. *Ornitología Neotropical* 28: 135-141.
- Van Loon, A., J. D. Ray, A. Savage, J. Mejeur, L. Moscar, M. Pearson, M. Pearman, G. T. Hvenegaard, N. Mickle, K. Applegate, K. C. Fraser. 2017. Migratory stopover timing is predicted by breeding latitude, not habitat quality, in a long-distance migratory songbird. *Journal of Ornithology* 158 (3):745-752.
- Vargas-Masis, Roberto, Lilliana Piedra-Castro y Juan Bravo-Chacón. 2017. Avifaunal characterization of Corral de Piedra palustrine wetland, Nicoya, Costa Rica. *Cuadernos de Investigación UNED* 9(2):236-246.

Williamson, Jessie L., and Matthew E. Fagan
2017. Predator playback, foraging height,
and phylogeny affect gap crossing behavior in
tropical forest birds. *Ornitología Neotropical*
28: 163-174. [Costa Rica]

Tyrannus forficatus; Scissor-tailed Flycatcher; Tijereta Rosada. 6 de enero 2016. Camino a Parque Nacional Palo Verde. Bagaces. Guanacaste. Foto por Gilberto De La Cruz
